Executive Summary

First Quarter 2015 Sales Tax Results

The City's revenue consultant, MuniServices, has provided preliminary sales tax results for the first quarter of 2015. Specifically, the City's sales tax receipts increased 15.4%, while the State and San Mateo County both increased by 3.1% and 2.6%, respectively, over the same quarter last year. This result is encouraging after last quarter's decline of 0.5% that was primarily attributable to lower gas prices, which have since rebounded.

DOF Issues Executive Order to Repay Balance of Unfunded Mandates

Under Prop 1A, the State has until FY 2020-21 to repay mandate reimbursements owed to cities, counties and special districts for costs incurred prior to 2004. The FY 2014-15 State Budget provided for repayments if revenues in the Governor's 2015 May Budget Revision exceed estimates. The May Revision determined that sufficient additional revenues were received to repay the entire remaining balance of reimbursements owed, approximately \$765 million including interest. The principle balance will be paid by June 22nd and the interest paid by September. Belmont is due to receive \$305,392.

Carlmont Intern Program

This week marks the start of the first annual Carlmont intern program at city hall. Seven Carlmont students will be spending the next several weeks working in various departments at city hall as a way to gain insight on how local government works.

Two students are helping out in Park and Recreation, two in the Information Technology Department, and one each in Public Works, Human Resources, and the City Clerk's Office. This is a great way to continue to forge good relations between the City and Carlmont High, and to provide an opportunity for tomorrow's leaders to hone their skills and learn about local government.

"Your Voice...Your Belmont"

The City continues its public outreach efforts, as staff works with the Council to engage the community in a conversation on local service needs in Belmont. The City's second citywide mailer was sent out last week to residents, regarding the ability of the City's budget to address Belmont's local service needs. (See below) There will also be an upcoming neighborhood coffee meeting in the Central neighborhood on Monday, June 22nd to keep the community informed and involved in these efforts. Do you have an upcoming meeting you'd like us to attend? Please call (650) 595-7408 to schedule a brief presentation. All community members are encouraged to continue contributing feedback on their top priorities for Belmont by taking part in our Community Survey – "Your Voice...Your Belmont", available online at www.belmont.gov/survey.

City Budget Update

Dear Neighbor,

On June 9th the Belmont City Council adopted a balanced budget for fiscal year 2016 that supports local services. However, budget discussions recognized that the City's current revenues cannot address all of Belmont's service needs.

Over the last few months 2,000 residents have provided feedback on their priorities for local services, including:

- ✓ Fixing streets and sidewalks
- ✓ Repairing storm drains
- ✓ Maintaining 9-1-1 emergency response times
- ✓ Maintaining parks, open space and sports fields

Unfortunately the City's existing resources are not sufficient to address critical community priorities. In fact, there are over \$190 million in needed repairs to roads, storm drains and other infrastructure that have been put off for many years. Given our current resources the City is unable to adequately fund these improvements in the current annual budget.

The magnitude of these needs poses a threat to the City's long-term financial well-being and to the recent progress we've made in stabilizing operations. The \$15.5 million in State takeaways from Belmont over the past 20 years has only made it harder to address local service needs.

We thank the community for your input and are working to develop a fiscally responsible plan to appropriately address these and other local service needs. To learn more, visit the City's website at www.belmont.gov/survey.

Sincerely,

GREG SCOLES
Belmont City Manager

Questions and Answers About Belmont's Local Services

Q: How does the City prioritize 9-1-1 response?

A: Over half of the City's General Fund budget goes to public safety – helping to maintain rapid 9-1-1 response times.

Q: Can we fix all those potholes?

A: Belmont's roads are the worst in the County and rank in the bottom 7% of the entire Bay Area. Many neighborhood streets are deteriorated and riddled with cracks. Unfortunately the City can only make piecemeal repairs, which are not enough to prevent road conditions from further deteriorating.

**Q: How can we protect water quality in local creeks and the Bay?**

A: Many of Belmont's storm drains are over 50 years old, rusted through, and inadequate to deal with major storms and protect water quality. Improving local storm drains will reduce runoff and help prevent associated pollutants from entering local creeks and the Bay.

**Q: Can we maintain local parks and sports fields?**

A: Not as well as we would like. Keeping local parks and sports fields safe places to play for children is a challenge given the City's resources.

Q: Can these needs be addressed?

A: Over the last 20 years, the State has taken \$15.5 million from Belmont. This has left the City with repairs and improvements for our roads, storm drains, parks and more that Belmont's current budget cannot address.

Public Safety

11th Annual Disaster Day Event at the San Mateo County Fair

Belmont Public Safety participated in the 11th Annual Disaster Preparedness Day event on the opening day of the San Mateo County Fair. The event showcased the emergency resources in San Mateo County from Fire, Emergency Medical, Law Enforcement and also provided emergency preparedness information for the public.

Belmont CERT had a strong presence at the event, with 12 Belmont CERT Volunteers participating. Some CERT Volunteers staffed the Belmont CERT table, which included a disaster preparedness quiz game that was very popular and fun for both CERT and the public visiting the event. The Belmont Fire Department's Hazardous Materials Response Team had their response vehicle on display and CERT worked with Belmont Firefighters to provide tours of the vehicle and answer questions. Over 3,000 people attended this year's Disaster Preparedness Day Event.

Free CPR, Choking and AED Training Offered to the Public

The Sequoia Healthcare District is offering free CPR, choking and defibrillator training in their new classroom in Redwood City.

To check class dates and register, please visit the Sequoia Healthcare District website at: <http://www.sequoiahealthcaredistrict.com/>

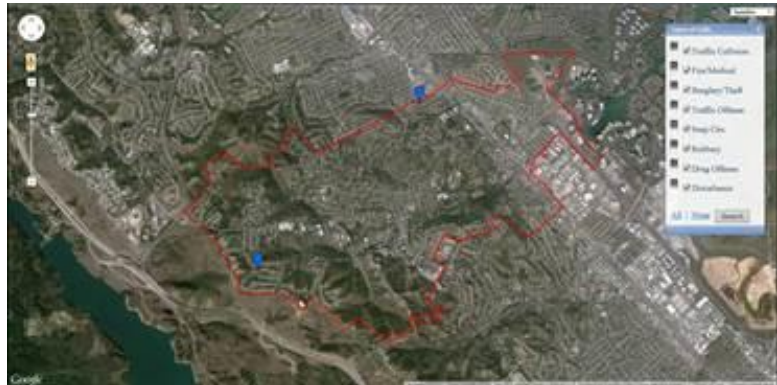

Belmont Fire Provides Fire Extinguisher Training to Local Business

This week, the Belmont Fire Department provided fire extinguisher training to employees at Sun Edison. The training included instruction and the use of fire extinguishers on a propane fueled "burn pan" to give the students hands-on experience.

Crime Statistics

Ever wonder what the crime statistics are for your neighborhood? You can find out now at:

<http://bpd.crimegraphics.com/2013/default.aspx>.

**National Night August 4, 2015**

For More Information and how you can participate in National Night Out, contact Belmont Police Officer Joe Lorenzini: jlorenzini@belmont.gov

NNO was started in 1984 and is a wonderful opportunity for communities nationwide to promote police-community partnerships, crime prevention, and neighborhood camaraderie. While the one night is certainly not an answer to crime, drugs and violence, National Night Out represents the kind of spirit, energy and determination to help make neighborhoods a safer

place year round. The night celebrates safety and crime prevention successes and works to expand and strengthen programs for the next 364 days.

2015 Sewer and Storm Drain Improvement Project

The 2015 Sewer and Storm Drain Improvement Project is near completion. All underground work on Cipriani and upper Notre Dame is complete. The contractor will be working on minor items on lower Notre Dame, and should be completed by the end of June before the pavement project begins.

This project included the removal and replacing portions of the main sewer lines along lower Notre Dame, upper Notre Dame, and a portion of Cipriani. Construction also included sewer lateral reconnections.

Additionally, the project removed and replaced portions of main storm drain inlets including laterals and catch basins to enhance drainage along these streets.

For more information, please visit the [project page](#)

2015 Belmont Pavement Reconstruction Project- June 19th Update

Upper Notre Dame

The installation of sidewalk, curb and gutter continues this week on upper Notre Dame continues. (*Pictured below*)

The street pavement reconstruction will start mid-July.

Lower Notre Dame

The contractor will start sidewalk, curb and gutter installation early next week. The street pavement reconstruction will start early-August.

For more information, please visit the project webpage at <http://belmontpavementproject.com>

**Traffic Division**

- Weekly visual inspections for preventative maintenance of intersections
- Visual inspection of lighted crosswalks
- Banners – 1 down; 1 up
- Manufactured 8 new signs
- Conducted spot inspections of contractor installed LED street lighting throughout the city
- Trimmed vegetation around 4 street lights
- Changed out 38 lantern-style high pressure sodium street lights to new LED street lights
- Installed 9 new signs
- Picked up 10 barricades and 2 Road closed signs on Valley View
- Repaired 19 street lights
- Mounted 5 signs on delineators
- Set a sleeve for a new sign pole installation
- Installed 4' X 25' thermoplastic striping to create parking spaces

Street Operations

- Marked out 14 Underground Service Alert tags
- 14USA tags
- Dug out 1.36 tons of asphalt from the parking lot in Twin Pines
- Poured 1.5 yards of concrete for the new curb in Twin Pines parking lot
- Finished grading and then compacted the parking area
- Temporarily reinstalled the broken gate at the end of Marine View

- Finished grading the area and forming the curb in the parking lot in Twin Pines Park
- Put down 9 tons of baserock and prepped for compaction
- Dug out 27.08 tons of asphalt, dirt, roots, and concrete to repair the curb and parking lot in Twin Pines
- Began grading the area and forming the curb at Twin Pines

Storm Operations

- Performed twice-weekly inspection of Water Dog Lake roadway, dam, v-ditch, and dock
- Swept 137 curb miles resulting in the collection of 11.69 tons of debris from the roadway
- Cleaned 47 drain inlets
- Inspected and cleaned both Harbor and Ralston Storm Pump Station
- Videoed 581 feet of storm main line
- Took monthly piezometer readings at Water Dog Lake Dam
- Completed trash hot spot cleanup in 2 locations – Belmont creek behind Lunardi's and O'Neill Slough behind Jameco (Pictured below)

Belmont Creek- before

Belmont Creek-after

Garbage removed from Belmont Creek

O'Neil Slough- before

O'Neil Slough-after

Sewer Division

- Inspected and cleaned 11 sewer pump stations
- The service truck (205) responded to 18 service calls
- Checked and emptied 8 city garbage cans throughout the city
- Jetted (cleaned) 8,238 feet of sewer main
- Videoed 1,347 feet of sewer main
- Videoed 1 new lateral-to-main connection (tie-in) per Engineering request
- Cleaned flushable wipes from debris catcher at Ralston Ranch Sewer Pump Station
(*Pictured below*)

(Before) Ralston Ranch Debris Catcher 6/12/15

(After) Ralston Ranch Debris Catcher 6/12/15

- Hand Rodded (cleaned) Bettina Sewer Main Easement for Preventative Maintenance (*Pictured below*)

Staff hand rodding (cleaning) Bettina sewer main easement

- Cleaned check valves at 6 Sewer Pump Stations (*North Rd & Motel 6 Pump Stations Pictured below*)

(Before) Motel 6 PS check valves

(After) Motel 6 PS check valves

(Before) North Road Pump Station pump #1

(After) North Road Pump Station pump #1

to over 8 locations throughout San Mateo County

Parks and Recreation

Cleanup Work Continues In Davey Glen

Plans are moving forward for a future park development at Davey Glen. The proposed park design is posted at the [Davey Glen](#) site and is the result of a lengthy and thorough public process, with the main goal of building a park that will serve all the residents with places for play, rest, and the enjoyment and preservation of nature.

Funds used to build this project are coming from developer fees, grants and fundraising, not from property tax.

Repairs Made at Sports Complex

This week the parks department repaired a defective pressure regulator at the Belmont Sports Complex. When this component fails, there is often a domino effect with regards to other components in the system malfunctioning. In this case, a piece of corrosion from the pressure regulator made its way through the pipe and caused an irrigation valve to become stuck open sending water into the red rock baseball infield. The pressure regulator was cleaned and all of the corrosion was removed. Irrigation valve repairs were also made. The field was then made safe and playable for scheduled baseball games.

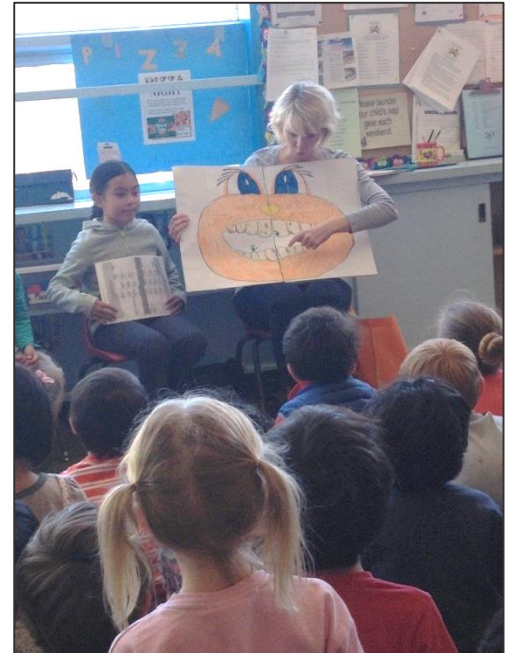

Twin Pines Irrigation Retrofit

In Twin Pines Park, an aging irrigation valve and sprinklers are being retrofitted with a new valve and drip system. Drip irrigation is an efficient means of watering and helps to conserve water by applying moisture at the base of plants and trees so that it drips slowly to the roots of plants, either onto the soil surface or directly onto the root zone, through a network of valves, pipes, tubing, and emitters. The Parks Department is assessing existing irrigation systems throughout our parks and drip irrigation is one strategy we are utilizing to manage the challenges of the drought.

Community Service Month

Community Service Month continues at the preschool with a dentist, ER nurse, SF police officer, architect, and a teacher. All of the Community Service members this past week are parents of children enrolled in our preschool. Thank you for volunteering your time!

Other Agency Announcements**Help Fight West Nile Virus by Reporting Dead Birds**

West Nile virus season has arrived in San Mateo County. While the risk of human West Nile virus infection in San Mateo County remains low, reports of dead birds are an early indication that the virus is circulating in the environment. Residents are encouraged to report fresh carcasses of birds or tree squirrels to the California West Nile Virus Hotline at www.westnile.ca.gov or by phone at 877-WNV-BIRD (877-968-2473).

West Nile virus is primarily a disease of birds. However, humans, horses, and other animals can become infected with WNV if bitten by an infected mosquito. West Nile virus cannot be spread person to person. To prevent mosquito breeding on your property, avoid mosquito bites, and reduce the risk of West Nile virus infection, follow the "Three D's":

- **DRAIN** – Mosquitoes lay their eggs on standing water. Eliminate all sources of standing water on your property, including flower pots, old car tires, rain gutters and pet bowls.
- **DAWN and DUSK** – Mosquitoes bite in the early morning and evening so it is important to wear proper clothing and repellent if outside during these times. Make sure that your doors and windows have tight-fitting screens to keep mosquitoes out.
- **DEET**– Apply insect repellent containing DEET, picaradin, oil of lemon eucalyptus or IR3535 according to label instructions. Repellents keep the mosquitoes from biting you.

For assistance with a mosquito problem in San Mateo County, contact the District at (650) 344-8592. For more information on West Nile Virus and other District services, visit us on the web at: www.smcnvcd.org

Peninsula SunShares

Solar. Simple. Together.

We're celebrating the summer solstice and would like to invite you to a workshop that will help residents go solar together.

Saturday, June 20th
9:30 am - 12:00 pm
San Carlos Library, 2nd Fl.
610 Elm Street, San Carlos

- Learn about the basics of solar and how you can save on your utility bill for years to come
- Meet with the programs selected solar installers
- Learn more about the discounted pricing and range of financing options
- Check out demonstrations

In the last two months more than 515 residents have signed-up for the Peninsula SunShares program with over 50 contracts in process. Nice work!

Due to overwhelming interest in Peninsula SunShares, we are excited to share that the registration deadline has been extended to July 31, 2015.

What is Peninsula SunShares? Thirteen neighboring cities throughout San Mateo County and Palo Alto have partnered to launch a solar group purchase (bulk-buy) program for homeowners.

Peninsula SunShares pools the power of individual participants to get more competitive pricing from solar companies - with an additional incentive that provides even better savings as more people contract for solar on their homes.

Research shows that people who know somebody with solar, make the choice to go solar themselves 3 times quicker. So, by bringing homeowners together through Peninsula SunShares, you can help the City and neighboring cities throughout San Mateo County build a huge solar community - faster.

Please help spread the word to your friends and neighbors. Let's #putsolaronit this summer!

For more information or to sign-up visit:

www.mygroupenergy.com/peninsula

Participating Partners:

San Mateo County and the cities of Belmont, Brisbane, Burlingame, Daly City, East Palo Alto, Foster City, Menlo Park, Millbrae, Palo Alto, Portola Valley, Redwood City and San Carlos
